Our Background

#000000, Archivo Black, 2.778vw

HARIBON® Foundation for the Conservation of Natural Resources, Inc. ("HARIBON") has been at the forefront of protecting and restoring the country's diverse ecosystems and communities for 50 years and counting.

Hatched as a Haring Ibon-inspired birdwatching society in 1972, with its members' devotion and commitment to support all Philippine ecosystems, HARIBON® gave birth to the Philippine environmental movement and took local citizens, advocates, and decision-makers from different sectors under its wing, helping incubate their own impactful conservation endeavors.

HARIBON® continues its legacy for the Haring Ibon and nature through sustainable projects that train, nurture, and empower many more Filipinos to be environmental leaders and guardians for countless generations of Philippine biodiversity to come. #000000, DM Sans, 1.736vw

Our Awards and Recognitions

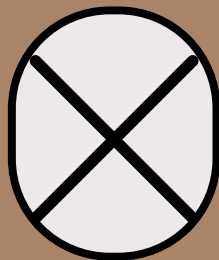

#000000, DM Sans, 1.736vw

1. HARIBON'S Rain forestation Organizations and Advocates (ROAD) to 2020 forest-restoration movement was awarded as the best environmental project in the Philippines by the Energy Globe during the recent celebration of World Environment Day. Haribon's tree-planting activities have restored forests in more than 26 municipalities and engaged over 14,000 volunteers. More than 600 hectares of native trees are steadfastly thriving and are now benefitting families and communities.
2. Catholic Mass Media Serviam Award Special Citation for institutional category
3. Catholic Mass Media Special Citation for the billboard "Wealth" installed by Meralco; also garnered a silver medal in the 2006 Araw Values Advertising Awards

ABOUT US

#000000, DM Sans, 1.389vw

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Aliquam etiam erat velit scelerisque in dictum.

We are a pioneering non-governmental organization (NGO) based in the Philippines, dedicated to the preservation of the country's rich biodiversity and the sustainable management of its natural resources. Established in 1972, Haribon is at the forefront of environmental conservation, engaging in scientific research, educational programs, and advocacy efforts to protect endangered species and their habitats. We place a strong emphasis on community involvement, working collaboratively with local communities and fostering partnerships with various stakeholders. Haribon is committed to raising awareness, conducting research, and implementing on-the-ground initiatives to address environmental challenges and promote a harmonious relationship between humans and nature.

VISION

#000000, DM Sans, 1.736vw

Haribon Foundation for the Conservation of Natural Resources or Haribon is a non-stock, non-profit organization working for the conservation of biodiversity in the Philippines. Its vision is to take the lead in caring for nature with the people, and for the people.

#FFFFFF, Archivo Black, 3.472vw

#ADC178

MISSION

#000000, DM Sans, 1.736vw

Haribon is a membership organization committed to promote the conservation of Philippine biodiversity and ecosystems through community-based and scientific approaches. We aim to raise awareness about environmental issues, engage local communities in conservation efforts, conduct research to better understand and protect biodiversity, and advocate for policies that support sustainable development and environmental protection.
